State vs Citizen

Can Economic Reforms Alone Deliver?

- Smaller and more focused government will help
- But government still has large role

Irreducible Role of State

- Rule of law
 - Public order
 - Justice
 - Education
 - Health care
 - Infrastructure
 - Natural resources development
 - Social security
-

Public Expenditure as % of GDP

Germany	4.6	8.0
United States	4.8	5.8
OECD	5.2	8.1

What the Reform Process has not Attempted so far

- Freeing ordinary citizens from shackles of government bureaucracy
- Strengthening agriculture
- Reducing corruption
- Promoting transparency
- Enhancing accountability
- Enforcing rule of law
- Building adequate infrastructure
- Improving public services

Unintended Consequences of Early Phase of Reforms

- One time grand corruption – golden goose effect
- Abdication of state in critical areas
- Corruption shifting to sovereign areas
- Continuing regional disparities

Governance at a Glance

- Governments spend Rs. 1800 crores every day
 - Out of 27 million organised workers, government employs 70%
 - Fiscal deficit (Union and States) remains at 10 % GDP
 - 50% Union tax revenues go towards interest payment
-

In a Sane Democracy

- Political process should resolve the crisis
 - Parties, elections and public office are the route to reform
 - In India a vicious cycle operates
-

Failure of Political Process

Interlocking vicious cycles

Inexhaustible demand for illegitimate funds

Interlocking Vicious Cycles

Most expenditure is to buy votes

Voter seeks money & liquor

More expenditure

Large spending may or may not lead to success, but failure to spend almost certainly leads to defeat

Greater corruption

Greater cynicism

Voter seeks more money

Contd..

Rise of Political Fiefdoms

Need for money, caste and local clout

Parties are helpless in choice of candidates

Rise of political fiefdoms

Absence of internal party democracy

Competition among a few families in most constituencies

Oligopoly at constituency level

Vote delinked from public good

Centralized polity

No matter who wins, people lose

Vote does not promote public good

Voter maximizes short term gain

Money, liquor, caste, emotion and anger become dominant

Vicious cycle is perpetuated

Interlocking Vicious Cycles Taxes delinked from services

Only 16 % of GDP collected as taxes (union & states)

Fiscal deficits and crisis

Higher Taxes

↓
Unacceptable because
of corruption and poor
services

Desubsidization

↓
The poor do not see
alternative benefits for
the subsidies given up

Wage Reduction

↓
Centralization and Art
311 preclude it

↓
Deeper fiscal crisis

↓
Poorer services and public goods

↓
Perpetuation of poverty and backwardness

Contd..

Political survival and honesty not compatible

What Ails Bureaucracy

- Life time security of bureaucracy
- Penchant for centralization and secrecy
- Lack of professionalism and specialized skills
- Absence of incentives for excellence
- No accountability
- Corruption and mal-administration

Distortions of State Power

- Positive Power restricted
Negative power unchecked
 - All organs are dysfunctional
 - A system of alibis
Victims of vicious cycle
 - Change of players
No change in the rules of the game
 - Political process ought to be the solution
But has become the problem itself
-

Key Reforms

Electoral reforms	Funding
	Criminalization
	Voting irregularities
Electoral system	Proportional Representation
	Separation of Powers
Decentralization	Local Governments
Rule of Law	Judicial reforms
Accountability	Right to information
	Citizens' charters
	Independent crime investigation

Recent Reform Initiatives

- Disclosure of candidate details
 - Changes in Rajya Sabha Election
 - Anti-defection Law changes
 - Limiting the Size of Council of Ministers
 - Women's Reservation in legislatures
 - Post office as nodal agency for voter registration
 - National Judicial Commission
 - Right to Information
 - Political Funding law
-

Other Reforms

- Proportional representation (German model mixing with constituency election)
 - Incentive to buy votes in a constituency will disappear
 - Interests of local candidate will run counter to party's need to maximise overall vote
 - Will give representation to small parties and legitimate reform groups, forcing change
 - Voting will be based on party image and agenda, not local expenditure
 - Ignored sections will find voice and get representation

contd..

Other Reforms

- Direct election of head of government at State and local levels
 - No one can buy a whole state electorate
 - Image and agenda of leader will be decisive
 - With separation of powers, there will be no incentive to overspend for legislative office
 - At state level, there is no fear of authoritarianism as Union government, Election Commission, Supreme Court etc., will act as checks
-

Other Reforms

Political party regulation

- Membership
- Free, open and voluntary
 - Uniform, objective conditions / no restrictions
 - No arbitrary expulsion
 - Due process for disciplinary action

- Leadership choice
- By regular, periodic, free and secret ballot
 - Opportunity to challenge leadership through formal procedures with no risk of being penalised

- Choice of candidates
- By members at constituency level through secret ballot
 - By elected delegates through secret ballot
 - Central leadership cannot nominate candidates
-

Window of Opportunity

- Deepening fiscal crisis
 - Citizen's disgust and concern
 - Unsustainable status quo
 - Relatively sound private economy
 - Demographic changes and rising expectations
 - Communications revolution
-

Conditions for State-wide Movement

- A group of credible citizens with excellent track record
 - Insights to political and governance process
 - A practical agenda which unites all segments
 - Professional, full-time, institutional approach
-

Approaches to National Campaign

- Identify reform groups and support
- Focus on key goals and mobilize public opinion and bring pressure

eg: disclosure; funding; alternative model for women's representation; Post Office as nodal agency

- National communication campaign
-

National Communication Campaign

- What are the reforms needed and why
- What is there in it for me as a citizen
- How can I participate
- In all major languages
- Taking advantage of Radio and Cable TV penetration

Two Big Challenges

- How do we get media time (as public broadcasting service)
- What is the response capture mechanism (infrastructure of institutions)

Two Paths - Choice is Ours

German example vs USSR example

- Freedom enhancing
- Democratic
- Orderly
- Integrating
- Growth-oriented
- Tyrannical
- Chaotic
- Disintegrating
- Debilitating

“Strategy without tactics is the slowest route to victory. Tactics without strategy is the noise before defeat ”

- *Sun Tzu*
