**The purpose of a government is to make it easy
for people to do good and difficult to do evil**

- *Gladstone*

Economic Reform

- Political consensus available
- Process irreversible
- Continuity of policy
- Stridency not to be confused with substance
- Young Indians (71% below 34 yrs of age) in favour of markets
- Rule of Law and sanctity of contracts - record is mixed
- Political games do cause delays
(eg. disinvestments)

Things are Improving

- Telecom sector
- Railway freight
- Improved highways – rapid execution
- 6-7% growth still sustained
- Population control in Tamil Nadu, AP, etc
- Governance and control of corruption are on the agenda
- States competing for investment and growth
- Young people are ambitious, educated and hungry for success
- Liberalization process has unlocked the economic potential of India

Can Economic Reforms Alone Deliver?

- Smaller and more focused government will help
- But government still has large role

Irreducible Role of Government

- Public order
- Rule of law
- Justice
- School education
- Healthcare
- Infrastructure
- Natural resource development
- Social security

Inadequate Social Sector Spending

- Education – only 3.2% GDP
- Functional literacy 30-40%
- Crisis of higher education
- Healthcare – only 0.9% of GDP
- Population growth rates still too high 1.94%

Priorities in Public Spending

Country	PE on Education as % of GDP	PE on Health as % of GDP
United Kingdom	4.5	5.9
Germany	4.6	8.0
United States	4.8	5.8
OECD	5.2	8.1
India	3.2	0.9

What the Reform Process Has Not Attempted So Far

- Freeing ordinary citizens from shackles of government bureaucracy
- Strengthening agriculture
- Reducing corruption
- Promoting transparency
- Enhancing accountability
- Enforcing rule of law
- Building adequate infrastructure
- Improving public services

Persistent Regulatory Shackles

- The long arm of state hurting economic activity and livelihoods
eg: rickshaw pullers, hawkers, etc.
- Extortionary corruption debilitating industry
 - Customs
 - Central excise
 - Commercial taxes, etc.
- Absence of reforms to generate demand for labour

Unintended Consequences of Early Phase of Reforms

- One time grand corruption – golden goose effect
- Abdication of state in critical areas
- Corruption shifting to sovereign areas
- Continuing regional disparities

Shifting Nature of Corruption

- Inexhaustible appetite for illegitimate funds
 - Telgi stamp scam

 - CAT exam papers' leak
 - Warrant against President Kalam and Chief Justice VN Khare

Crisis of Governance

- Increasing lawlessness

- Unresponsive bureaucracy
- Ineffective judicial system
- All pervasive corruption
- Criminalization of politics
- Money and muscle power in elections

- Erosion of legitimacy of authority

Distortions of State Power

- Positive power restricted
Negative power unchecked
- All organs are dysfunctional
- A system of alibis
Victims of vicious cycle
- Change of players
No change in the rules of the game
- Political process ought to be the solution
But has become the problem itself

Governance at a Glance

- Governments spend Rs. 2000 crores every day
- Out of 27 million organized workers, government employs 70%
- Fiscal deficit (Union and States) remains at 10% GDP
- 50% Union tax revenues go towards interest payment

Is Money the issue?

Sanitation

- Cost: Rs 35000 crores
- Equals just 20 days' expenditure

School Education

- 1.6 million class rooms needed
- Capital cost : Rs 16,000 crores – 9 days' govt. expenditure
- Recurring expenditure : Rs.8000 crores – 5 days' govt. expenditure
